Subject Index

Abscess

- Treatment of recurrent subareolar abscess (Yanai et al), *case report*, 314

Accidents

- Scalp, skull, and dura reconstruction on an emergency basis (Wei et al), *case report*, 252

Acne

- Follicular occlusion triad: hidradenitis suppurativa, acne conglobata, and dissecting cellulitis of the scalp (Chicarilli), *case report*, 230

Acrocephalosyndactylia

- Barrel stave osteotomy for correction of turribrachycephaly craniosynostosis deformity (Persing et al), 488
- Definitive plastic surgical treatment of the severe facial deformities of craniofacial dysostosis: Crouzon's and Apert's diseases (Tessier), *milestones in modern plastic surgery*, 330

Adenosine triphosphate

- Improved ischemic island skin flap survival with continuous intraarterial infusion of adenosine triphosphate-magnesium chloride and superoxide dismutase: a rat model (Zimmerman et al), 218

Adipose tissue, transplantation

- Autologous fat transplantation employing liposuction techniques (Bircohl and Novack), *case report*, 327

Allopurinol

- Augmentation of skin flap survival with allopurinol (Angel et al), 494

Alopecia

- Advancement of scalp grafts (Coiffman), 421

Amputation stumps

- Treatment of amputation neuromas in fingers with a central nerve union (Kon and Bloem), 506

Angioma. See Hemangioma

Apert's syndrome. See Acrocephalosyndactylia

Apocrine glands

- Surgical treatment of axillary hyperhidrosis (Bisbal et al), 429

Arm, surgery

- Reverse lateral upper arm flap for elbow coverage (Culbertson and Mutimer), *case report*, 62

Axilla, surgery

- Surgical treatment of axillary hyperhidrosis (Bisbal et al), 429

Bandages

- Bolster dressing to support a full-thickness skin graft (Iacobucci and Stevenson), *gadgetry*, 550
- Further improvement in a dressing for hypospadias (Zeligowski et al), *gadgetry*, 81

Blood circulation

- Clinical evaluation of laser doppler blood flow measurements in free flaps (Walkinshaw et al), 212

Bone matrix

- Growth of vascularized onlay bone transfers (LaTrenta et al), 511

Bone neoplasms

- Hemangioma of the zygoma (Har-El et al), *case report*, 533

Bones, blood supply

- Growth of vascularized onlay bone transfers (LaTrenta et al), 511

Bones, pathology

- Intraosseous lipoma of the skull: a report of two cases (Yasuda et al), *case report*, 74

Bones, transplantation

- Update on cranial bone grafts in craniofacial surgery (Jackson et al), 37

Book critiques

- The aging face and neck: consultations with Richard Webster, M.D. and associates*, edited by Webster and Smith (Barnett), 269

- Anatomy as a Basis for Clinical Medicine*, by Hall-Craggs (Vistnes), 85

- Atlas of Skin Repair*, by Zoltan (Hovey), 86

- Beyond appearance: reflections of a plastic surgeon*, by Goldwyn (Vistnes), 268

- Clinical anatomy for medical students*, by Snell (Mathers), 360

- Clinical management of neurogenic communicative disorders*, edited by Johns (Beadle), 362

- Clinical mechanics of the Hand*, by Brand (Chase), 85

- Clinical procedures in emergency medicine*, by Roberts and Hedges (Wisnicki), 267

- Computers for medical offices*, by Luedtke (Borocz), 267

- The creation of aesthetic plastic surgery*, by Gonzalez-Ulloa (Fisher), 361

- Current management of complications in orthopedics: the hand and wrist*, by Sandzen (Kulick), 266

- Dentofacial deformities, integrated orthodontic and surgical corrections*, by Epker and Fish (Schendel), 259

- Local flaps in head and neck reconstruction*, by Jackson (Fisher), 357

- Surgical Anatomy of the Orbit*, by Zide and Jelks (Beard), 265

- TMJ internal derangement and arthroses: a surgical atlas*, by Dolwick and Sanders (Kauffman), 357

- Total facial reconstruction*, by Stark (Kernahan), 361

Breast, abnormalities

- Mammary construction and reconstruction in one surgical

January issue, pp 1-88; February issue, pp 89-182; March issue, pp 183-272; April issue, pp 273-362; May issue, pp 363-464; June issue, 465-571.

- stage, with invited comment by John Bostwick III, M.D. (Juri et al), 3
- Breast augmentation**
- Silicone bleed associated with double-lumen breast prostheses (Cocke and Sampson), *case report*, 524
- Breast neoplasms**
- Cystosarcoma phylloides treated by excision and immediate reconstruction with silicone implant (Orenstein and Tsur), *case report*, 520
- Detailed technique of subcutaneous mastectomy with and without mastopexy (Woods), *how I do it*, 51
- Recurrent breast carcinoma at the time of breast reconstruction (Granick et al), *case report*, 69
- Breast reconstruction**
- Autologous fat transplantation employing liposuction techniques (Bircoll and Novack), *case report*, 327
- Cystosarcoma phylloides treated by excision and immediate reconstruction with silicone implant (Orenstein and Tsur), *case report*, 520
- Detailed technique of subcutaneous mastectomy with and without mastopexy (Woods), *how I do it*, 51
- An early appraisal of the methods of tissue expansion and the transverse rectus abdominis musculocutaneous flap in reconstruction of the breast following mastectomy (McCraw et al), 93
- Mammary construction and reconstruction in one surgical stage, with invited comment by John Bostwick III, M.D. (Juri et al), 3
- re: Marshall: amelioration of capsular contracture (Craig), *letter*, 87
- Recurrent breast carcinoma at the time of breast reconstruction (Granick et al), *case report*, 69
- re: Vilain: letter from Boston (Markham), *letter*, 88
- Breast reduction**
- Skin deepithelialization using the carbon dioxide laser (Hallock and Rice), 283
- Burns**
- Tissue expansion techniques in burn reconstruction (Hallock), 274
- Burns, surgery**
- Further application of VM-plasty (Onishi et al), 480
- New technique for reconstruction of the auricle in acquired deformities (Avelar), *how I do it*, 454
- Cannula**
- New device for suction-assisted lipectomy: a flexible cannula (Shirakabe), *gadgetry*, 257
- Suction cannula assisted placement of traction sutures (Hallock), *gadgetry*, 355
- Carcinoma, squamous cell**
- Bolster dressing to support a full-thickness skin graft (Iacobucci and Stevenson), *gadgetry*, 550
- Follicular occlusion triad: hidradenitis suppurativa, acne conglobata, and dissecting cellulitis of the scalp (Chicarilli), *case report*, 230
- Pressure sore carcinoma (Grotting et al), *case report*, 527
- Squamous cell carcinoma occurring in hidradenitis suppurativa (Zachary et al), *case report*, 71
- Squamous cell carcinoma of the perineum: management with Mohs' surgical excision and gluteal thigh flap (Stevenson et al), *case report*, 248
- Stair-step flap for nasal reconstruction (Hallock and Dreyer), 34
- Cartilage**
- Glutaraldehyde-treated autogenous skin as a substitute for elastic cartilage: an experimental study (Eriksson et al), 289
- Cartilage, transplantation**
- New technique for reconstruction of the auricle in acquired deformities (Avelar), *how I do it*, 454
- Recontouring of the middle third of the face with onlay cartilage plus free fascia graft (Guerrerosantos), 409
- Secondary rhinoplasty (Juri and Juri), 366
- Case reports**
- Autologous fat transplantation employing liposuction techniques (Bircoll and Novack), 327
- Cutaneous leiomyosarcoma: case reports and review of the literature (Chow et al), 319
- Cystosarcoma phylloides treated by excision and immediate reconstruction with silicone implant (Orenstein and Tsur), 520
- Follicular occlusion triad: hidradenitis suppurativa, acne conglobata, and dissecting cellulitis of the scalp (Chicarilli), 230
- Hemangioma of the zygoma (Har-El et al), 533
- Impaired upward gaze due to subperiosteal hemorrhage of the orbital roof (Ohtsuka and Nakaoka), 547
- Intraosseous lipoma of the skull: a report of two cases (Yasuda et al), 74
- Pressure sore carcinoma (Grotting et al), 527
- Recurrent breast carcinoma at the time of breast reconstruction (Granick et al), 69
- Recognizing the temporomandibular joint ganglion (Kenney et al), 323
- Reverse lateral upper arm flap for elbow coverage (Culbertson and Mutimer), 62
- Scalp, skull, and dura reconstruction on an emergency basis (Wei et al), 252
- Severe folliculitis capitis with osteomyelitis (Ramasastry et al), 241
- Shotgun blast injuries to the groin: reconstruction using the rectus abdominis flap (Brandner and Bunkis), 541
- Silicone bleed associated with double-lumen breast prostheses (Cocke and Sampson), 524
- Split rectus abdominis free muscle transfer (Sadove and Merrell), 179
- Spontaneous subdural hygromas: a complication following craniofacial surgery (Rosen and Simeone), 245
- Squamous cell carcinoma occurring in hidradenitis suppurativa (Zachary et al), 71
- Squamous cell carcinoma of the perineum: management with Mohs' surgical excision and gluteal thigh flap (Stevenson et al), 248

Case reports (continued)

- Suction extraction of lipomas (Hallock), 517
- Treatment of large xanthomas by the use of blepharoplasty island musculocutaneous flaps (Hosokawa et al), 238
- Treatment of recurrent subareolar abscess (Yanai et al), 314
- Cautery
 - re: Guiloff and Cabbabe: simple method to protect tissue from accidental cautery burns (Kawamoto), *letter*, 559
- Cellulitis
 - Follicular occlusion triad: hidradenitis suppurativa, acne conglobata, and dissecting cellulitis of the scalp (Chicarilli), *case report*, 230
- Cerebrospinal fluid
 - Spontaneous subdural hygromas: a complication following craniofacial surgery (Rosen and Simeone), *case report*, 245
- Cheek, surgery
 - Recontouring of the middle third of the face with onlay cartilage plus free fascia graft (Guerrerosantos), 409
- Chin surgery
 - Protruding chin syndrome corrected by mentopexy (Brennan and Giammanco), 200
- Cicatrix, surgery
 - Further application of VM-plasty (Onishi et al), 480
- Cleft lip, surgery
 - Early columella elongation (Kobus), 470
- Cleft palate, surgery
 - Orticocchea pharyngoplasty and primary palatoplasty: an evaluation (Riski et al), 303
- Collagen
 - Biostimulation of wound healing in vivo by a helium-neon laser (Lyons et al), 47
- Computers
 - Use of computer analysis in flap research (Chowdary et al), *gadgets*, 261
- Contracture
 - Further application of VM-plasty (Onishi et al), 480
- Craniofacial dysostosis
 - Barrell stave osteotomy for correction of turribrachycephaly craniosynostosis deformity (Persing et al), 488
- Craniofacial dysostosis, surgery
 - Definitive plastic surgical treatment of the severe facial deformities of craniofacial dysostosis: Crouzon's and Apert's diseases (Tessier), *milestones in modern plastic surgery*, 330
 - Interview with Paul Tessier (Vistnes), 352
- Crouzon's disease. *See* Craniofacial dysostosis
- Cystosarcoma phylloides
 - Cystosarcoma phylloides treated by excision and immediate reconstruction with silicone implant (Orenstein and Tsur), *case report*, 520
- Cysts
 - Recognizing the temporomandibular joint ganglion (Kenney et al), *case report*, 323

Decubitus ulcer

- Pressure sore carcinoma (Grotting et al), *case report*, 527
- Distal gluteus maximus advancement musculocutaneous flap for coverage of trochanteric pressure sores (Ramirez), 295
- Squamous cell carcinoma of the perineum: management with Mohs' surgical excision and gluteal thigh flap (Stevenson et al), *case report*, 248
- Delivery of health care

 Clinical evaluation of laser doppler blood flow measurements in free flaps (Walkinshaw et al), 212

Flaps, musculocutaneous

Distal gluteus maximus advancement musculocutaneous flap for coverage of trochanteric pressure sores (Ramirez), 295

An early appraisal of the methods of tissue expansion and the transverse rectus abdominis musculocutaneous flap in reconstruction of the breast following mastectomy (McCraw et al), 93

Experience with one hundred consecutive free flaps (Irons et al), 17

Shotgun blast injuries to the groin: reconstruction using the rectus abdominis flap (Brandner and Bunkis), *case report*, 541

Soft-tissue repair of myelomeningocele defects using bilateral latissimus dorsi and trapezius musculocutaneous flaps (McCraw et al), 147

Split rectus abdominis free muscle transfer (Sadove and Merrell), *case report*, 179

Treatment of large xanthomas by the use of blepharoplasty island musculocutaneous flaps (Hosokawa et al), *case report*, 238

Flaps, neurovascular

Improved ischemic island skin flap survival with continuous intraarterial infusion of adenosine triphosphate-magnesium chloride and superoxide dismutase: a rat model (Zimmerman et al), 218

Flaps, neurovascular pedicle

re: Li et al: use of scrotal septal neurovascular pedicle island skin flap in one-stage repair of hypospadias (Dvir), *letter*, 558

Flaps, orbitofrontal

Observations on orbitofrontal rhytidectomy (Appiani and Delfino), 398

Flaps, septocutaneous

Free ulnar forearm flap (Koshima et al), 24

Flaps, skin

Augmentation of skin flap survival with allopurinol (Angel et al), 494

Flaps, stair-step

Stair-step flap for nasal reconstruction (Hallock and Dreyer), 34

Flaps, thoracoabdominal

Mammary construction and reconstruction in one surgical stage, with invited comment by John Bostwick III, M.D. (Juri et al), 3

Forearm

Free ulnar forearm flap (Koshima et al), 24

Forehead, surgery

Blepharo-periorbitoplasty: anatomical basis (Hinderer et al), *how we do it*, 437

Observations on orbitofrontal rhytidectomy (Appiani and Delfino), 398

Gadgetry

Bolster dressing to support a full-thickness skin graft (Iacobucci and Stevenson), 550

Further improvement in a dressing for hypospadias (Zeligowski et al), 81

New device for suction-assisted lipectomy: a flexible cannula (Shirakabe), 257

New technique for intralesional steroid injections (Tsur et al), 83

Suction cannula assisted placement of traction sutures (Hallock), 355

Use of computer analysis in flap research (Chowdary et al), 261

Glutaraldehyde

Glutaraldehyde-treated autogenous skin as a substitute for elastic cartilage: an experimental study (Eriksson et al), 289

Gluteus maximus muscle

Distal gluteus maximus advancement musculocutaneous flap for coverage of trochanteric pressure sores (Ramirez), 295

Gluteus muscle

Squamous cell carcinoma of the perineum: management with Mohs' surgical excision and gluteal thigh flap (Stevenson et al), *case report*, 248

Graft survival

Augmentation of skin flap survival with allopurinol (Angel et al), 494

Grafts, bone

Scalp, skull, and dura reconstruction on an emergency basis (Wei et al), *case report*, 252

Update on cranial bone grafts in craniofacial surgery (Jackson et al), 37

Grafts, fascia-cartilage

Recontouring of the middle third of the face with onlay cartilage plus free fascia graft (Guerrerosantos), 409

Grafts, nerve

Vascularized nerve grafts: an experimental and clinical review (Breidenbach and Terzis), 137

Grafts, scalp

Advancement of scalp grafts (Coiffman), 421

Groin, injuries

Shotgun blast injuries to the groin: reconstruction using the rectus abdominis flap (Brandner and Bunkis), *case report*, 541

Hair, transplantation

Advancement of scalp grafts (Coiffman), 421

Hemangioma

Experience with electrothrombosis in the treatment of angiomas (Dado et al), 12

Hemangioma of the zygoma (Har-El et al), *case report*, 533

Hemangioma, cavernous

Treatment of hemangiomas by sclerosing agents: an experimental and clinical study (Govrin-Yehudain et al), 465

Hemorrhage

Impaired upward gaze due to subperiosteal hemorrhage of the orbital roof (Ohtsuka and Nakaoka), *case report*, 547

Hidradenitis suppurativa

Follicular occlusion triad: hidradenitis suppurativa, acne conglobata, and dissecting cellulitis of the scalp (Chicarilli), *case report*, 230

Squamous cell carcinoma occurring in hidradenitis suppurativa (Zachary et al), *case report*, 71

How I Do It

Blepharo-periorbitoplasty: anatomical basis (Hinderer et al), 437

Current hypospadias techniques (Vorstman et al), 164

Detailed technique of subcutaneous mastectomy with and without mastopexy (Woods), 51

New technique for reconstruction of the auricle in acquired deformities (Avelar), 454

Recent advances in neck lift (Adamson), 174

Hygroma

Spontaneous subdural hygromas: a complication following craniofacial surgery (Rosen and Simeone), *case report*, 245

Hyperhidrosis

Surgical treatment of axillary hyperhidrosis (Bisbal et al), 429

Hypertelorism

Definitive plastic surgical treatment of the severe facial deformities of craniofacial dysostosis: Crouzon's and Apert's diseases (Tessier), *milestones in modern plastic surgery*, 330

Interview with Paul Tessier (Vistnes), 352

Hypospadias

Current hypospadias techniques (Vorstman et al), *how we do it*, 164

Further improvement in a dressing for hypospadias (Zeligowski et al), *gadgetry*, 81

re: Li et al: use of scrotal septal neurovascular pedicle island skin flap in one-stage repair of hypospadias (Dvir), *letter*, 558

Informed consent

Computerized video imaging (Gorney), *letter*, 271

Ischemia

Clinical evaluation of laser doppler blood flow measurements in free flaps (Walkinshaw et al), 212

Improved ischemic island skin flap survival with continuous intraarterial infusion of adenosine triphosphate-magnesium chloride and superoxide dismutase: a rat model (Zimmerman et al), 218

Reperfusion of skeletal muscle after warm ischemia, with invited comment by Robert M. Pearl, M.D. (Eriksson et al), 224

Keloid

New technique for intralesional steroid injections (Tsur et al), *gadgetry*, 83

Language

Language in the operating room (Hawtof and Smith), *editorial*, 186

Lasers

Biostimulation of wound healing in vivo by a helium-neon laser (Lyons et al), 47

Clinical evaluation of laser doppler blood flow measurements in free flaps (Walkinshaw et al), 212

Skin deepithelialization using the carbon dioxide laser (Hallock and Rice), 283

Wound healing in porcine skin following low-output carbon dioxide laser irradiation of the incision (Robinson et al), 499

Latin America

Editor's introduction to the Ibero-Latin-American issue (Vistnes), 363

Plastic Surgery in Ibero-Latin America (Guerrerosantos), *guest editor's introduction to the Ibero-Latin-American issue*, 364

Latissimus dorsi muscle

Experience with one hundred consecutive free flaps (Irons et al), 17

Soft-tissue repair of myelomeningocele defects using bilateral latissimus dorsi and trapezius musculocutaneous flaps (McCraw et al), 147

Leg surgery

Split rectus abdominis free muscle transfer (Sadove and Merrell), *case report*, 179

Leiomyosarcoma

Cutaneous leiomyosarcoma: case reports and review of the literature (Chow et al), *case report*, 319

Letters

Computerized video imaging (Gorney), 271

re: Courtiss: Invited comment (Field), 270

re: Franco: Face lift stigmas (Rigg), 87

re: Fredricks: Postauricular skin slough in cervical facial rhytidectomy (Straith), 272

re: Guiloff and Cabbabe: Simple method to protect tissue from accidental cautery burns (Kawamoto), 559

re: Kesselring: Rejuvenation of the lips (McKinney), 271; reply (Kesselring), 271

re: Li et al: Use of scrotal septal neurovascular pedicle island skin flap in one-stage repair of hypospadias (Dvir), 558

re: Marshall: Amelioration of capsular contracture (Craig), 87

re: Rappaport and Alison: Superficial musculoaponeurotic system (Rosic), 182

re: Vilain: letter from Boston (Markham), 88

Lip

re: Kesselring: rejuvenation of the lips (McKinney), *letter*, 271; reply (Kesselring), *letter*, 271

Lip neoplasms

Treatment of hemangiomas by sclerosing agents: an experimental and clinical study (Govrin-Yehudain et al), 465

Lipoma

Intraosseous lipoma of the skull: a report of two cases (Yasuda et al), *case report*, 74

Suction extraction of lipomas (Hallock), *case report*, 517

Lipectomy

- re: Courtiss: invited comment (Field), *letter*, 270
- New device for suction-assisted lipectomy: a flexible cannula (Shirakabe), *gadgetry*, 257
- Recent advances in neck lift (Adamson), *how I do it*, 174
- Suction extraction of lipomas (Hallock), *case report*, 517

Magnesium chloride

- Improved ischemic island skin flap survival with continuous intraarterial infusion of adenosine triphosphate-magnesium chloride and superoxide dismutase: a rat model (Zimmerman et al), 218

Mastectomy

- Detailed technique of subcutaneous mastectomy with and without mastopexy (Woods), *how I do it*, 51
- An early appraisal of the methods of tissue expansion and the transverse rectus abdominis musculocutaneous flap in reconstruction of the breast following mastectomy (McCraw et al), 93
- Mammary construction and reconstruction in one surgical stage, with invited comment by John Bostwick III, M.D. (Juri et al), 3
- Recurrent breast carcinoma at the time of breast reconstruction (Granick et al), *case report*, 69

Mastopexy

- Detailed technique of subcutaneous mastectomy with and without mastopexy (Woods), *how I do it*, 51

Maxilla, surgery

- Recontouring of the middle third of the face with onlay cartilage plus free fascia graft (Guerrerosantos), 409

Meningomyelocele

- Soft-tissue repair of myelomeningocele defects using bilateral latissimus dorsi and trapezius musculocutaneous flaps (McCraw et al), 147

Mentopexy

- Protic chin syndrome corrected by mentopexy (Brennan and Giammanco), 200

Microcirculation

- Reperfusion of skeletal muscle after warm ischemia, with invited comment by Robert M. Pearl, M.D. (Eriksson et al), 224

Milestones in modern plastic surgery

- Definitive plastic surgical treatment of the severe facial deformities of craniofacial dysostosis: Crouzon's and Apert's diseases (Tessier), 330

Mohs' technique

- Squamous cell carcinoma of the perineum: management with Mohs' surgical excision and gluteal thigh flap (Stevenson et al), *case report*, 248

Myelomeningocele. *See* Meningomyelocele

Neck, surgery

- Recent advances in neck lift (Adamson), *how I do it*, 174

Neck neoplasms

- Reconstruction in head and neck cancer: a place for conservatism (Woods), 209

Necrosis

- re: Kesselring: rejuvenation of the lips (McKinney), *letter*, 271; reply (Kesselring), *letter*, 271
- Use of computer analysis in flap research (Chowdary et al), *gadgetry*, 261

Neoplasm recurrence

- Recurrent breast carcinoma at the time of breast reconstruction (Granick et al), *case report*, 69

Nerve tissue, transplantation

- Vascularized nerve grafts: an experimental and clinical review (Breidenbach and Terzis), 137

Neuroma

- Treatment of amputation neuromas in fingers with a centrocerebral nerve union (Kon and Bloem), 506

Nipples

- Mammary construction and reconstruction in one surgical stage, with invited comment by John Bostwick III, M.D. (Juri et al), 3
- Treatment of recurrent subareolar abscess (Yanai et al), *case report*, 314

Nose, abnormalities

- Early columella elongation (Kobus), 470
- Nasal clefts (Monasterio et al), 377

Nose, anatomy

- Construction of the internal nasal valve in rhinoplasty: treatment and prevention (Adamson), 114

Nose, growth and development

- Longitudinal study of nose growth from ages 6 to 18 (Buck and Brown), 310

Nose, surgery

- Stair-step flap for nasal reconstruction (Hallock and Dreyer), 34

Nose neoplasms

- Bolster dressing to support a full-thickness skin graft (Iacobucci and Stevenson), *gadgetry*, 550

Operating rooms

- Language in the operating room (Hawtof and Smith), *editorial*, 186

Orbicularis oculi muscle

- Treatment of large xanthomas by the use of blepharoplasty island musculocutaneous flaps (Hosokawa et al), *case report*, 238

Orbit, surgery

- Definitive plastic surgical treatment of the severe facial deformities of craniofacial dysostosis: Crouzon's and Apert's diseases (Tessier), *milestones in modern plastic surgery*, 330

Orbital fractures

- Impaired upward gaze due to subperiosteal hemorrhage of the orbital roof (Ohtsuka and Nakaoka), *case report*, 547

Osteomyelitis

- Experience with one hundred consecutive free flaps (Irons et al), 17
- Severe folliculitis capitis with osteomyelitis (Ramasastry et al), *case report*, 241

Osteotomy

- Barrel stave osteotomy for correction of turribrachycephaly craniostosis deformity (Persing et al), 488

Palate, surgery

- Orticochea pharyngoplasty and primary palatoplasty: an evaluation (Riski et al), 303

Parotid gland

- Recognizing the temporomandibular joint ganglion (Kennedy et al), *case report*, 323

Penile induration

- Peyronie's disease (Horton et al), 122

Penis, surgery

- Current hypospadias techniques (Vorstman et al), *how we do it*, 164
- Further improvement in a dressing for hypospadias (Zeligowski et al), *gadgets*, 81
- New concepts in phallic reconstruction (Gilbert et al), 128
- Peyronie's disease (Horton et al), 122

Pentazocine

- Treatment of intraarterial pentacozine injection injuries with intraarterial reserpine (Stueber), 41

Perfusion

- Reperfusion of skeletal muscle after warm ischemia, with invited comment by Robert M. Pearl, M.D. (Eriksson et al), 224

Perfusion, regional

- Improved ischemic island skin flap survival with continuous intraarterial infusion of adenosine triphosphate-magnesium chloride and superoxide dismutase: a rat model (Zimmerman et al), 218

Perifolliculitis capitis

- Severe folliculitis capitis with osteomyelitis (Ramasastry et al), *case report*, 241

Perineum

- Squamous cell carcinoma occurring in hidradenitis suppurativa (Zachary et al), *case report*, 71
- Squamous cell carcinoma of the perineum: management with Mohs' surgical excision and gluteal thigh flap (Stevenson et al), *case report*, 248

Peyronie's disease. See Penile induration

Pharynx, surgery

- Orticochea pharyngoplasty and primary palatoplasty: an evaluation (Riski et al), 303

Physician-patient relations

- Language in the operating room (Hawtof and Smith), *editorial*, 186

Prosthesis, Meme

- re: Vilain: letter from Boston (Markham), *letter*, 88

Rectus abdominis muscle

- An early appraisal of the methods of tissue expansion and the transverse rectus abdominis musculocutaneous flap in reconstruction of the breast following mastectomy (McCraw et al), 93
- Shotgun blast injuries to the groin: reconstruction using

the rectus abdominis flap (Brandner and Bunkis), *case report*, 541

- Split rectus abdominis free muscle transfer (Sadove and Merrell), *case report*, 179

Reserpine

- Treatment of intraarterial pentacozine injection injuries with intraarterial reserpine (Stueber), 41

Rhinoplasty

- Construction of the internal nasal valve in rhinoplasty: treatment and prevention (Adamson), 114
- Secondary rhinoplasty (Juri and Juri), 366

Rhytidectomy

- re: Fredricks: postauricular skin slough in cervical facial rhytidectomy (Straith), *letter*, 272

Rhytidoplasty

- Routine use of a suction drain in facial rhytidoplasty (Huang et al), 30

Ribs, transplantation

- Scalp, skull, and dura reconstruction on an emergency basis (Wei et al), *case report*, 252

Scalp, surgery

- Scalp, skull, and dura reconstruction on an emergency basis (Wei et al), *case report*, 252

Scalp dermatoses

- Severe folliculitis capitis with osteomyelitis (Ramasastry et al), *case report*, 241

Sclerosing solutions

- Treatment of hemangiomas by sclerosing agents: an experimental and clinical study (Govrin-Yehudain et al), 465

Scrotum, surgery

- re: Li et al: use of scrotal septal neurovascular pedicle island skin flap in one-stage repair of hypospadias (Dvir), *letter*, 558

Sensation

- re: Kesselring: rejuvenation of the lips (McKinney), *letter*, 271; reply (Kesselring), *letter*, 271

Silastics. See Silicone elastomers

Silicone elastomers

- Further improvement in a dressing for hypospadias (Zeligowski et al), *gadgets*, 81

Silicones

- Cystosarcoma phylloides treated by excision and immediate reconstruction with silicone implant (Orenstein and Tsur), *case report*, 520
- Silicone bleed associated with double-lumen breast prostheses (Cocke and Sampson), *case report*, 524

Skin

- Glutaraldehyde-treated autogenous skin as a substitute for elastic cartilage: an experimental study (Eriksson et al), 289

Skin, physiology

- An attempt to harness the viscoelastic properties of skin in face lift operations—a preliminary report, with invited comment by Simon Fredricks, M.D. (Hirshowitz and Jackson), 188

Skin, physiology (*continued*)
